GANGES BOY AT SESSION IN CAPITAL CITY

By Review Representative

GANGES, Jan. 9.—Master Colin Mount, son of Mr. and Mrs. Gilbert Mount, represented the Salt Spring Island group of Trail Rangers at the session of the Royal Parliament held at the Parliament Buildings, Christmas Week. The boys were entertained to ten by His Honor the Lieutenant-Governor and Miss Mackenzie on Saturday afternoon, Dec. 28th. They were received by their host and hostess, who were attended by Capt. W. H. Molson. Tea was served, buffet-style, in the spacious dining-room from a table beautifully arranged with Christmas candles and holly. Before leaving the boys were briefly addressed by their host and hostess, who expressed, in a few words, their good wishes for a successful session, wishing them all the compliments of the season. About 70 of the members of the Boys' Parliament and Senate were present.

RAISED CABLE ACROSS FRASER FOR DREDGERS

When dredging operations in the Fraser River near Maple recently threatened the submarine telephone cable that crosses the river at that point, telephone men worked most of two nights protecting the cable and thereby preserving service for Lulu Island, Sea Island and Stevenson.

It was necessary to raise the cable to the surface of the water so that it could be seen by the dredgers and avoided, and the work had to be done at night to take advantage of the low tide. It proved a two-night job, and the discomforts of the telephone men, but they kept the service intact.

The short business address of the evening will be presented by Mr. Lamont, manager of the Growers' Wine Company, Ltd., on "The Marketing of the Loganberry Through Wine," as the growing of the loganberry is now being looked upon with considerable favor in the district. Vancouver Stock Exchange Seeks to Protect Investors From Unfair Manipulation

A babel of shouting voices—scurrying messengers—slips of paper passed from hand to hand—figures chalked rapidly on a great green board—millions of dollars are changing hands. Such is the outwardly confused picture of one of the most perfect-functioning business machines in the world—the stock exchange.

In the perfection of this smoothly operating system has gone more than 150 years of experience—improvements born in the throes of tremendous trading—volume of business transacted which would leave in a befuddled daze, the old-fashioned, leisurely broker of the English coffee-house days.

COLORFUL HISTORY

The first stock exchange was founded in London in 1773, a century and a half ago. Previous to this, brokers held casual meetings in some nearby coffee-house. They dealt principally in government securities.

The exchange grew rapidly. It established affiliations with the Dutch and soon assumed international importance. As volume of business grew, changes were imperative to keep pace with speeding business. Plans were tried and rejected. Other systems submitted which proved a success. The telegraph and telephone gave wings to commerce. Improved cable service speeded international trading. The ticker flashed market quotations to distant points. The London Stock Exchange became the focal point of international commerce. Today it deals in securities of companies in every part of the globe. The pressure of such a tremendous volume of business could only result in the evolution of an almost perfect system.

When the Vancouver Stock Exchange was formed in 1907, under Provincial Government charter, it started with the full advantage of these years of experience in older exchanges. There were but twelve seats. Its growth was rapid. Today, it has assumed, with other great public institutions, a vital place in the commerce of Western Canada. Witness its phenomenal growth. Volume of business in 1925 was \$890,304.75; in 1928 \$30,580,967.50 and in 1929, \$129,748,080.10.

SIMPLE IN PRINCIPLE

While the ramifications of stock exchange trading are intricate and far-reaching, the basis of its operation is simple. The stock exchange is a market place for the buying and selling of stocks. The client places his selling order for stock with his broker. This order is transported to the "floor" of the exchange, where it is offered for sale by the broker's representative. Should another broker hold a buying order for this stock at market, the sale is completed and recorded by the exchange. The price paid for the stock is immediately broadcast by telephone and ticker. This becomes the official quotation for this particular stock.

The prices of stocks are governed by supply and demand. Buying and selling orders set the price. The investing public controls the price. When buying orders pour in and selling orders are few, prices rise. The price quotation for a stock is no more or less than what the public wills.

As an institution, the Vancouver Stock Exchange owns no stock in any company, sponsors no stock flotation, favors no broker, expresses no opinion about individual stocks. It accepts no responsibility for the rise and fall of prices. It does seek to prevent price manipulation unfair to the investors. It maintains rigid rules governing its members.

EXCHANGE BRINGS CAPITAL

When an investor buys stock, his net converts capital into mining, oil and industrial enterprises. His purchase is not merely a stock certificate. This investment stands for machinery and equipment, sinking of shafts, building of roads and camps, busy smelters, factories, pulp mills. The result of such activity is the development of natural resources, the creation of new wealth with consequent stimulation to trade and the establishment of thriving wholesale houses, retail stores, farms, prosperous workmen.

The mining industry alone has an invested capital in this province of \$120,000,000, spends vast sums for fuel, equipment and provisions, pays annually in wages \$30,000,000 and employs 18,000 workmen. According to Bulletin No. 2, issued by the Provincial Department of Mines, the gross mineral production of British Columbia during the past year created a new high record, being estimated at \$70,030,970, an increase over the previous year of \$4,658,393. Copper production exceeded 100,000,000 pounds, a record. Structural materials output is estimated at \$3,800,000, an increase of 14 percent as compared with 1928.

A PUBLIC INSTITUTION

The stock exchange plays an important part in delivering the flood tide of capital to British Columbia enterprises. Through its members, the facts of investment opportunities in B.C. are made known to capitalists throughout the world. The stock exchange makes an investment in stock a liquid asset. Stock has a marketability impossible without an exchange.

Every stock listed on the exchange is scrutinized as to proper capitalization, reputation of the directors of the company, soundness of the enterprise. Each stock is subject to removal from the listings, should such action best serve investors.

This great public institution plays an important part in creating public confidence, in safeguarding the investor, in speeding up and improving the trading in stocks. It is an institution for the public good. It is a powerful force in increasing British Columbia's prosperity.

(Arrived too late for last issue)

The annual school Christmas tree and concert was held in Hope Bay Hall on Thursday afternoon, Dec. 19, and was largely attended by parents and friends of the youthful performers. Under the direction of their teachers, Miss Locke and Miss Dickinson, the pupils presented an excellent program of carols, plays and recitations, at the conclusion of which Santa Claus made his appearance and distributed the gifts from the heavily-laden tree. Refreshments were served, as Santa took his leave with hearty greetings to all.

Mr. and Mrs. A. E. Craddock and family came home from Vancouver for the Christmas holidays and will return to the city this week.

Miss Isabel and Master Stewart Corbett are home for the holidays from Victoria where they have been attending High School.

Mrs. D. G. MacDonald and son, Ronnie, are spending the holiday with relatives in Vancouver. Mrs. MacDonald, sr., accompanied them and will remain with her sister, Mrs. Stevenson, in North Vancouver.

The Women's Missionary Society of the United Church held their annual meeting on Friday afternoon at the home of Mrs. A. H. Menzies. The reports for the past year were most encouraging, the total amount raised being \$87.00. At the close of the meeting, Mrs. Morrison, on behalf of the members of the Auxiliary, presented Mrs. R. S. W. Corbett with a Life Membership as a token of their appreciation and esteem, and in recognition of her long-term of service and real missionary endeavor in the local congregation. Election of officers resulted in the following being appointed: President, Mrs. R. S. W. Corbett; first vice-president, Mrs. A. H. Menzies; second vice-president, Mrs. S. P. Corbett; secretary, Mrs. W. B. Johnston; treasurer, Mrs. V. W. Menzies. The meeting adjourned for a social time during which delicious refreshments were served by the hostess and Mrs. Morrison.

The annual meeting of the Pender Island Bible Class was held on Monday evening at the manse, when the president, V. W. Menzies, gave an interesting retrospective of the past year's experiences and accomplishments. Three members had been called to Higher Service during the year and a number of others had left the community, but the vacancies had been filled to some extent by newcomers. The financial report showed a total of \$38.00. The officers elected for 1930 were: V. W. Menzies, president; A. E. McLean, vice-president; Miss Edith Bowerman, secretary-treasurer, and Rev. A. McWilliams, teacher, pro tem.

Miss Mary Hamilton, of Victoria, is spending the holidays with her father, A. Hamilton, Browning Harbor. Mrs. P. C. Smith and family, of Welcome Bay, are also with Mrs. Smith's father for the holidays.

Mrs. E. E. Roy and family, of Chemainus, are home for Christmas and New Year with Mrs. Roy's mother, Mrs. J. A. Bruckett.

Mr. Basil Phelps came down from Reid Bay to spend Christmas with his mother, Mrs. F. Phelps.

Miss Locke and Miss Dickinson are spending the holidays at their respective homes in Victoria and Vancouver.

The Misses Helen and Lois Stout, who are attending High School in Victoria, are home for the holidays.

Grosvonor Logan was home from Victoria for Christmas, while Mrs. A. Davidson and Mrs. C. C. Conery and family spent Christmas with their respective relatives in Victoria.

A large number of fine turkeys were shipped by Port Washington residents for the Christmas trade.

Mrs. A. Taylor has returned from Victoria for a short stay in her cottage at Browning Harbor.

An odd circumstance of the demonstration of the round-the-world New York to Sydney, Australia, telephone circuit was that it was September 30th in America and October 1st in Australia when the close of the conversation, New York said "Good Night" and Sydney said "Good Morning."

HORTICULTURE CLUB HEARS FINE ADDRESS

The monthly meeting of the North Saanich Horticultural Society was held Thursday evening in Wesley Hall with the president, Mr. L. E. Taylor, in the chair. It was decided to hold several outings during the coming year, one to Mr. Butchart's Gardens, the first week in May, one to Mr. Taylor's lily gardens, the end of June; a basket picnic on June 3rd to Mr. and Mrs. J. J. White's summer home at Lake Kilarney; also, it is hoped, to visit Mrs. David Spencer's garden the first or second week in July.

It was decided to hold another meeting at Deep Cove on Monday, February 17th, Mrs. Wilson having offered the use of Wilsons Inn for the purpose.

The speaker for the evening, Mr. J. W. Gibson, of the Department of Education, was introduced and gave a most interesting address on "Planting for Beauty and Utility." Mr. Gibson brought with him some very fine slides to illustrate his lecture.

Regarding the children's garden competition the society intends to specialize in this work particularly, centralizing more in the different schools, hoping to create interest as far down as Royal Oak. This promises to be a pretty big undertaking and we understand it is the first of its kind to be handled on such a large scale on Vancouver Island. As soon as more particulars are available it is hoped to hold a meeting at South Saanich to endeavor to interest the people there in the work. Mr. Gibson praised very highly the work the society is carrying on in this direction and he offered them his assistance in any matter in which he could be of help. It is considered that this is a very important phase of the society's work, to teach and keep interested the children and young people in the beauty and utility of horticulture in general.

The speaker next month, Feb. 6th, will be Prof. Boving of the B.C. University. Prof. Boving is making a special trip to address the meeting and it is hoped that there will be a very good turnout. He is a particularly fine speaker, thoroughly familiar with his subject and very humorous. He is taking as his topic "Turnips and Men" and the subject of evolution will be brought in.

The winners of the monthly competition were: Mrs. J. J. White, first; and Mrs. E. L. Hammond second for house plant and Mr. J. A. Nunn for carrots.

The subjects for competition next month will be a pot of bulbs and three parsnips.

STOCK EXCHANGES

Stock exchanges have been in existence for over 150 years and they have proved to be the vehicle whereby private and foreign capital may be invested in the development of our natural resources, mines, oil fields and industrial enterprises.

The Vancouver Stock Exchange of British Columbia provides a ready market for stocks of value, which gives an incentive to the investor to participate in those meritorious enterprises that have contributed to the development of British Columbia.

There has been uncalled for criticism of the local stock exchange owing to the crash of stocks some little time ago. It was the stupendous manipulation of financial magnets of the money centres of the world that caused the market to nose-dive and thereby put so many small speculators to the wall—but stock exchanges are public institutions that play very important parts in creating public confidence, in safeguarding the investor, in speeding up and improving the trading in stocks. They are instruments controlled by the public and for the public good, and our own stock exchange in Vancouver is a powerful force in increasing British Columbia's prosperity.

TO INVESTIGATE CRANBERRY POSSIBILITIES

Prof. E. M. Straight, of the Dominion Experimental Station, Sidney, left on the evening of the first on the Maquinna on its first trip of the year up the West Coast of the Island to Ucluelet in the interests of the cranberry industry.

In the West we are importing tons of cranberries and paying four prices for a product which may be grown on Vancouver Island. The Federal Department of Agriculture is taking action in this regard and has asked Prof. Straight to investigate and report.

New Year's Party

Mr. and Mrs. Simister entertained at a delightful New Year's party on Jan. 3rd at their home, "Seedley." Bridge and "500" were played during the first part of the evening, the prizes going to Mrs. Whiting and Mr. Homewood. A refreshing lunch was then served after which several hours in games, contests and music were enjoyed and several of the very interesting readings by Mr. Simister. Those present were: Mr. and Mrs. Simister, Mr. and Mrs. G. Anstey, Mr. and Mrs. Boshier, Mr. and Mrs. H. H. Shade, Mr. and Mrs. Blyth, Mr. and Mrs. E. R. Hall, Mr. and Mrs. W. But it just wouldn't work at night

A telephone that functioned finely throughout the day but positively refused to work at night provided a recent problem at Hammond. Every evening, between 8 and 9 o'clock, this telephone would go out of service, but the next morning it would be back in order, working as well as ever.

Finally the mystery was solved. It was discovered that a wire in the terminal box of the near-by telephone pole was broken. The cold of the night, causing the wire to contract, would separate the two ends of wire and cause a break in the circuit, but when morning returned the warmer temperature would make the wire expand and the severed parts would be united again, thereby restoring service.

NEW YEAR WAS USHERED IN IN JOLLY MANNER

The Deep Cove Social Club Hall, where the Old Year was ushered out with time-honored merriment and the New Year welcomed in in great style, was the scene of one of its jolly dances on New Year's Eve, when the hall was crowded and the general air of gaiety, which prevailed throughout the entire evening, made it one of the most successful affairs of the season.

The club room had been prettily decorated for the affair with boughs and streamers in keeping with the festive season and the stage looked very attractive for the three-piece orchestra, which provided snappy dance music.

A delicious supper was served by the Ladies' Auxiliary of the club and the tables were very daintily arranged and decorated for this occasion.

Promptly at 12 o'clock all participated in the grand march, after which hands were joined with the singing of "Auld Lang Syne" and thus 1929 passed out and 1930 was heralded in, dancing continuing until 2 o'clock with merriment and laughter, amidst showers of confetti and serpentine.

The novelty balloon dance was very amusing, each balloon-holder doing his best to go through the evening without getting the young zep broken. The prize offered to the couple who had their balloons at the close of the dance was awarded to Miss Wells and Mr. Mannie Simpson.

Much credit is due to the conveners of the dance committee, Mrs. S. Roberts, Mrs. H. Horth and Mrs. E. L. McKenzie, and also to those that decorated, Miss Dorothy Calvert and Messrs. Gordon and Harold Dickson.

WHOOPEE DANCE TOMORROW NIGHT

Tomorrow night (Jan. 10th) the Deep Cove Social Club Hall will be the scene of a most novel dance when the "Wilson Jazz Trio" will be on deck to supply the music. Refreshments will be served and dancing will continue from 9 to 1.

CHRISTMAS TREE FOR CHILDREN

The annual Christmas tree and social under the auspices of the St. Elizabeth Altar Society took place on Monday evening, Jan. 6th, in Wesley Hall.

Games were enjoyed by the children throughout the evening. Entertainment items were as follows: Piano-forte duet, "Warriors' March," by Mrs. Clarke and daughter; delightful humorous recitation entitled "Little, Not Me" given by Jennie Nichol; two songs, "Beautiful Bells" and "Oh, What A Christmas Day," by Elizabeth Clarke and Jennie Nichol; and a recitation, "Little Jesus," by Elizabeth Clarke.

The tables were prettily decorated with festoons and colored boughs, centred with a Christmas tree, making a very effective setting, the work being carried out by Miss Enos, Miss Holmes and Mrs. Thomas. About 40 guests enjoyed the delightful spread.

Towards the close of the evening Rev. Father Scheelen brought a little solemnity to the occasion by a few well chosen words on the subject "Parents and Children," after which he presented special awards to the Catechism Class: First, James Nichol, for regular attendance; second, Elizabeth Clarke; third, Joe Thomas.

The gifts from the Christmas tree were distributed by Mrs. Holmes and Rev. Father Scheelen.

YOUNG PEOPLE ELECT OFFICERS FOR THE YEAR

The annual meeting of the Young People's Society was held on Tuesday evening in Wesley Hall, when one new member was welcomed to the society. All old business was disposed of, after which the annual reports were given, showing a full year of activities under the leadership of Rev. W. M. Lees.

The Young People's Convention held on Good Friday at Ladysmith, and also the "Rally" held on October 10th, were well attended by the local members. Many excellent speakers were obtained during the year and also many good addresses have been prepared by members, all of which created keen interest and enjoyment. The sum of \$67.65 was raised for missions and the annual amount of \$50.00 donated to the church. During the year tennis was enjoyed on the court kindly loaned by Mr. Alex. McDonald, also a tournament was staged on the McIntyre Checker Board, resulting in a win for Mr. N. Fralick.

The church service was taken, on two occasions, by the society.

The society's offer to put up a set of three swings at the Memorial Park when needed was willingly accepted by the park committee.

The "Circus" held during the summer proved successful and also the many outdoor meetings were enjoyed.

At the close of the reports the election of officers for the year 1930 took place, resulting as follows:

President — Henry Rankin, re-elected.

Vice-president—Rhoda Craig.

Secretary-treas.—Winnie Thornley, re-elected.

Delegates to the council—Ivy Hill and Rhoda Craig.

After the election refreshments were served and a jolly social hour enjoyed.

The next meeting, Tuesday, Jan. 14th, will be held at the home of Rev. Lees with the Citizenship Committee in charge.

TIT - BITS from the NORTH SAANICH SERVICE CLUB

The usual Saturday social evening was enjoyed at the club hall when 10 tables of "500" were in play and after keen competition the lady's prize was awarded to Mrs. Jim Readings and the gentleman's to Mr. John Lawson.

At the close of the game refreshments were served and dancing closed the evening, music being supplied by the Wilson Jazz Trio.

A POWERFUL AID to PAYROLL BUILDING

THE Vancouver Stock Exchange is the machinery which converts capital into mining, oil and industrial enterprises employing Western Canada labor. When investors buy listed stocks, their purchases represent machinery, shafts, roads and camps, smelters, factories, payrolls. The result of such activity is the development of natural resources, the creation of new wealth, thriving wholesale houses, retail stores, farms, prosperous workmen.

The mining industry in this province alone pays annually in wages, 30,000,000 and employs 18,000 workmen.

What part does the Vancouver Stock Exchange play in this activity, this enlarging of our payrolls?

The Exchange provides a ready market for securities of value. This encourages the investor to participate in those meritorious enterprises that have contributed to the development of British Columbia, her industries and payrolls.

If no such market were available, investors would be reluctant to place funds in securities which would remain "frozen." The activity of this market represents the public's desire to buy and sell securities and keeps every investor posted as to the cash value of his holdings and the success of the industries those holdings represent.

The Stock Exchange requires that every stock listed on the Exchange be scrutinized as to capitalization, directors, soundness of the enterprise.

Through members of the Exchange, British Columbia's investment opportunities are advertised, world-wide interest of capital aroused.

The Vancouver Stock Exchange thus plays its part in creating confidence and in diverting capital to British Columbia enterprises. The Exchange is a powerful force in increasing your prosperity, in building payrolls.

For information is furnished by Members of the Vancouver Stock Exchange in order to disseminate information concerning the function of a Stock Exchange and the benefits of buying and selling securities.
